JA 3E Job Fair: In partnership with IPS and EmployIndy

We invite you to assist our 2022 Graduates who have chosen Employment as part of their post-secondary plan after graduation. IPS scholars will provide resumes and letters of interest to prospective employers, with the intent of securing an interview on-site, or at a future date and employment! This will be an opportunity for you to recruit IPS Seniors that are looking for employment after graduation. Students will be bussed to our fair location throughout the day with resumes on hand, ready to network, find employment and continue their path to success.
